The Grampians Community of Practice for the Prevention of Violence against Women is a new initiative by WHG to support the implementation of best practice prevention projects in the Grampians region.

Session one will focus on:

1. Current state of play: What is happening in the prevention of violence against women space?
2. Key achievements, challenges and identifying what you need to advance your work
3. Opportunities available to fund and resource projects
4. Setting the vision and content for future sessions
5. Networking.

People who have a general interest in the PVAW or those who manage PVAW projects are encouraged to attend.
